CORE

AI operations | AI product strategy | Systems design | Agentic workflows | Adoption | Enablement | Executive advisory | Prototyping

EXPERIENCE

AUTOMATTIC | AI Lab & Adoption Manager **Mar 2026 - Present**

BUILD Design and drive internal AI tools, including a Slack-based coding-agent rollout across departments.
OPERATE Help keep costs in line while building homegrown systems for governed AI spend and approvals.
ENABLE Led the first hybrid Growth cohort, built a reusable workshop tool, and helped launch 19 AI Guides.

DREMIO | Senior AI PM + Director, Education & Documentation **Jan 2024 - Mar 2026**

LEAD AI PM from Apr 2025: scoped and drove AI Agent, MCP, AI SQL functions, and analyst chatbot initiatives.
DISCOVER Converted customer research into roadmap priorities with Design and Engineering.
AUTOMATE Owned Documentation and DremioU; built automation with Zapier, OpenAI, Jira, GitHub, and MCP.
SCALE Separately grew DremioU to 3,200+ users, 1,000+ badges, +78 NPS, and 50% completion.

BRAZE | Senior Manager, Partner Education **Nov 2022 - Jan 2024**

MODERNIZE Led global partner education; used generative AI to replace live mock testing and speed content.

ARRIKTO | Global Director, Education **Sep 2021 - Aug 2022**

GROW Reached 32% weekly course completion, 750+ registrants, and 1,400 enrollments in six months.

WORKFUSION | Director, Product Enablement / Education / Documentation **Jan 2021 - Aug 2021**

ALIGN Led distributed Documentation, Education, and Enablement teams across the US, Europe, and India.

QUBOLE | Global Director, Education Services & Technical Publications **Dec 2015 - Dec 2020**

BUILD Owned customer education, technical onboarding, partner certification, and technical publications.
MONETIZE Built education packages up to $300K; led a 10-person team; implemented Pendo onboarding and telemetry.

EARLIER | MarketShare - Data Strategy | Data Meaning - Technical Lead | MicroStrategy - Education + Support

SELECTED AI BUILDS

EVENTER Open-source event-planning plugin: 12 skills, local records, human approvals, and synthetic evaluation.
BLOOM Turned a 1,000+ use signal into an assessment workflow with source evidence and teacher checkpoints.
RETRIEVAL GUARD Experimental Python toolkit for retrieval regression testing and near-miss filtering.

EDUCATION & SERVICE

CORNELL School of Engineering - Information Science, Systems and Technology
BECKET YMCA Alumni Council / Ambassador, Jan 2017 - Present
